Borshon Alfred Gomes

Software Engineer | TypeScript, SvelteKit, Kotlin / Android, Python
Lille, France | +33 7 88 99 19 68 | github.com/Borshon1017 | linkedin.com/in/borshongomes | borshon1017.github.io

PROFILE

MSc Software Engineering student at JUNIA ISEN in Lille, seeking a 6-month internship. I have shipped features to a production web platform and released its Android app. My university and personal projects span web and mobile development, machine learning, computer vision and LLMs.

TECHNICAL SKILLS

Languages: TypeScript / JavaScript, Python, Kotlin, Java, PHP, C#, C/C++, SQL, Bash
Mobile: Android (Kotlin, Jetpack Compose, Material 3, MVVM), Firebase / Firestore, Capacitor, PWA
Web: SvelteKit, Svelte, TailwindCSS, AdonisJS (Node.js), FastAPI, REST APIs, MapLibre, service workers, eco-design (EcoIndex)
AI & ML: LLM Agents Tool calling, RAG, PyTorch, TensorFlow, OpenCV, CNNs, GANs, Vision Transformers
Data & DevOps: PostgreSQL / PostGIS, Supabase, MySQL, Docker, Kubernetes, GitHub Actions (CI/CD), Netlify, Linux, Git

EXPERIENCE

Melomania ASBL | non-profit youth orchestra, in-house management platform — Brussels, Belgium
Full-Stack & Mobile Engineer, Internship (Stage) — *Apr 2026 – Jul 2026*

- Built the Android and iOS app for the Melomania platform with Capacitor, reusing the SvelteKit front end so one codebase serves web, Android and iOS. Fixed WebView rendering issues, released the APK on GitHub with an iOS PWA install and wrote the build and install guides.
- Fixed front-end bugs across the platform (translation, error handling, SortableJS, mobile layouts) and co-developed the contact-list redesign for mailing campaigns, all merged via code review and GitHub Actions CI (Japa + Playwright tests).

The Christian Co-operative Credit Union Ltd. (CCCUL) — Dhaka, Bangladesh
ICT Intern, IT Support | Bangladesh's largest Christian co-operative financial institution — *Jan 2025 – Apr 2025*

- Assembled workstations for several departments and set up their operating systems and drivers. Repaired OS, driver and peripheral faults and supported staff on the in-house financial software.
- Helped maintain the office LAN (router configuration, connectivity troubleshooting) and recorded each issue with its resolution in the ICT department's knowledge base for future troubleshooting.

PROJECTS

Vauban Map | Civic Mapping App with AI Assistant | *FastAPI, Mistral API, PostGIS, MapLibre* [code] — 2026
Safety, crowding and obstacle map of Vauban (Lille) with crossings, lamps and benches, plus a Mistral LLM agent with tool calling and RAG.

JUNIA Website Rebuild | *HTML/CSS/JS, Netlify Functions, Supabase* [code] — 2026
*Dependency-free bilingual (FR/EN) rebuild scoring **80/100, grade A on EcoIndex**, with service-worker offline support.*

TechPort | Android Store & Repair-Booking App | *Kotlin, Jetpack Compose* [code] — 2025
Material 3 app on MVVM: admin-editable catalogue, repair booking, Maps locator, Firebase Auth/Firestore, Ktor API.

Image Super-Resolution: ESRGCNN + GAN | *Python, PyTorch* [code] — 2024
Enhanced group CNN trained with a GAN objective to reconstruct detail in low-resolution images.

CNN Face Recognition | *Python, TensorFlow, OpenCV* [code] — 2024
Convolutional model for face identification, from dataset preparation through training and evaluation.

OpenGL Graphics Programming | *C++, OpenGL* [code] — 2024
Real-time 2D and 3D scene rendering: transformations, lighting and animation.

iMBD | Movie Database & Review Platform | *PHP (custom MVC), MySQL* [code] — 2023
PHP MVC platform: four moderated user roles, ratings and reviews, polls, watchlists and OTP registration.

Blockchain-Concept Transaction System | *PHP, MySQL* [code] — 2023
Append-only ledger replicated across 3 validator nodes, with transfers committed on 2-of-3 majority consensus.

CareForPaws | Pet Shop Management System | *C#, .NET Windows Forms* [code] — 2022
Desktop app with admin and seller roles: product and category management, orders, billing and transaction history.

EDUCATION

JUNIA ISEN — Lille, France
MSc, Software Engineering & Information Systems — *2025 – 2027*

American International University-Bangladesh (AIUB) — Dhaka, Bangladesh
BSc, Computer Science & Engineering — *2021 – 2025*
Dean's List, Fall 2021–2022 | **CGPA 3.75 / 4.00**

CERTIFICATIONS

NetQ Deployment and Installation (NVIDIA, 2026) | **Intro to Machine Learning** (Kaggle, 2026) | **IT Essentials** (Cisco, 2021)

LANGUAGES

Bangla: Native | **English**: C1, fluent written and spoken | **French**: B1

VOLUNTEERING & ACTIVITIES

Linkee Lille | Volunteer, Lille | regular shifts distributing food to students facing food insecurity — 2026

AIUB Programming Club | Member & Event Volunteer, Dhaka | coding contests and student workshops — 2022 – 2024
